

## **Vogt + Partner and QESTIT come together to expand their software testing and quality assurance offerings in Germany**

*Berlin/Zurich - 20/10/2023*

The two software testing experts announced this week that **Vogt + Partner**, a consulting company based in Germany, specializing in quality assurance and testing of complex and mission-critical software systems, joins the **QESTIT Group**. This will strengthen the market presence in Germany as well as in the neighboring countries.

With over 25 years of experience in software testing and quality assurance, **QESTIT**, who support its clients daily in optimizing their software, reaches a new milestone in its growth journey by joining forces with **Vogt + Partner**.

"This strategic move reinforces QESTIT commitment to expansion and positions the Group for even greater success in the German market. How? By broadening our reach with a new test center in Berlin and strengthening our team with additional high qualified testers." **Reto Züst, CEO QESTIT Group**

"The new Berlin-Brandenburg location follows our consistent growth strategy in Germany and strengthens our nationwide QESTIT offering. Michael Vogt and his experienced team are a good fit for us - we are united by both passion and a clear focus on testing and quality as well as human interaction." **Achim Rabien, Managing Director QESTIT GmbH**

### **Mutual benefits**

Combining the expertise of our teams fits right into our goal to support our client willing to give to their customers quality and performance, in other words, the best possible experience with their software.

"The merger with QESTIT gives us the necessary boost to serve our customers more flexibly: with an even broader know-how spectrum and a significantly larger team." **Michael Vogt, Managing Director Vogt + Partner**

This latest milestone in the history of our group, not only marks a significant moment in our journey but also creates in Germany fresh opportunities to support even more the industries with high quality requirements such as the public sector.
